Community Outreach

Over the years, Jazzercise has acted upon Judi's philosophy of "giving back to the community." Judi and her legion of instructors have raised more than \$26 million for a wide range of charities by leading special large-scale workout classes, performances at major sporting events, and local benefits. Other efforts include "Kids Get Fit," a free workout program to help school districts promote fitness as a way of life to children, and the "CyberStretch School Giveaway Program," a free computer safety education program for schools.

Revenue Generated

In 2006/2007, Jazzercise posted its most successful year in the company's 38-year history, with system-wide sales topping \$85 million for the fiscal year.

Jazzercise Franchises

As owners of Jazzercise franchises, instructors are independent business men and women who pay an initial U.S. franchise fee of \$1,000, which includes training and certification. Instructors also pay 20 percent of their gross revenues to Jazzercise monthly. Instructors receive dance-fitness routines choreographed to the latest music by Judi Sheppard Missett every 10 weeks, continuing education, marketing and administrative support. Business Franchises are available as well.
